THURSDAY, AUGUST 22, 1974

WEEKEND ACCIDENTS CLAIM THREE LIVES

Three persons were killed near Cobourg and another 17 injured last week while damages totalled nearly \$10,000 in 14 area accidents.

Dead are Terry A. Wilson, 17, of Hill, J. Fenton Falls, Vera M. Graham, 55, of Williamsburg and Margaret M. Cameron, 57, of R.R. 1, Gompel.

Terry Wilson died Sunday on Highway 25 shortly after his motorcycle was hit while turning onto Glenora Road by a car driven by Mary E.C. Smith, 55, also of Fenton Falls. Mrs. Smith and her passenger, Joan E. Wilson, 54, of Guelph received cuts and bruises.

The two other victims died Saturday on Hwy. 46 when a car driven by Douglas Big, Graham, 57, husband of one of the dead women killed, then was hit by a car driven by Peter A. Ben, 22, of Toronto.

The two passengers in the Graham car, Mrs. Graham and Margaret Cameron died at the scene. Both drivers and a passenger in the Ben car received cuts and bruises. Police say charges are pending in the \$5,000 accident.

Attending coroner in all three deaths was Dr. R.E. Jamieson.

Ronald L. McCallum, 50, of Potomac, Quebec, escaped without injury Monday morning when his car failed to negotiate a curve on Hwy. 530 near Maple Lake and rolled over into a ditch.

Investigating the \$3,000 accident was P.C. Mike Logg. At noon Monday a three-car accident totalling \$3,000 in damages occurred on County Road 1, two miles north of Hwy. 121. While rounding a curve, a car driven by Jane M. White, 53, of Toronto

skidded, colliding with a car driven by Alexander J. Kennedy, 38, of Mississauga. Ten minutes later a car driven by Douglas R. Kearns, 20, of Toronto was unable to stop before striking the rear of the damaged White vehicle. Kennedy and White both suffered cuts and bruises.

Mr. Kennedy's wife, Dorothy, sustained undetermined fractures while two-year-old Shelly Kennedy received minor injuries. Corporal Jack Dunn investigated.

A charge of careless driving has been laid against Paul P. Kefkas, 21, of Agincourt following a Sunday accident on Hwy. 35 just north of the south Minden cut-off. Kefkas' northbound vehicle was attempting to pass another northbound vehicle when he spotted a southbound car and swerved left striking

GOOSE GUESTS

Amongst the Highlands thousands of summer visitors are these four vacationing Canada geese who have in-

dicted they much prefer the Lutterworth swimming pool of Bill Prentice to the colder waters of the far north. Re-

sides, how many wild geese have someone like 12-year-old Tammy Prentice to assist them into the water each

time a relaxing bath is indicated. The geese are twice daily visitors to the Prentice pool, dropping

over from their home on a nearby pond.

Fair features Ronnie Prophet

Ronnie Prophet, rated one of the best one-man shows in Canada, is this year's star attraction at the 110th annual Minden Fair coming August 24 and 25 to the Fairgrounds. The fair will open at 12.30 Saturday with a giant parade followed by an Amateur Hour and a Fiddler's Contest at the Grandstand with M.C. Willie McNeilly of Blair-Hamilton.

At 2.30 and again at 8 the ever-popular Ronnie Prophet sings and entertains. A Gala Dance with music by Aquarius goes on long into the night to end the first day of festivities.

Sunday's show starts at 1 p.m. with the singing Switzer Brothers from Oshawa followed by feature attraction Ronnie Prophet. For the first time special races and field events for children will be held with cash prizes donated by the Minden Rotary Club. From 3 to 5 p.m. a horse-drawing contest features the best and biggest

horses from miles around. Of course, the Midway and exhibit building can be enjoyed anytime throughout Saturday and Sunday. Mail-

driving and horseshoe pitching events will also appear on the program. Thousands of dollars will be awarded to the best speci-

ments in a variety of agricultural categories from pigs to petunias.

Man barred from county

It's all in the name of 'love' but three Haliburton Lake cottagers are getting to spend almost more time in court than courting. A

A few weeks ago Henry Jane Warren, 21, was charged with the dangerous use of a firearm after former boyfriend Edward Weiss, 26, was fired on while sailing. Another Haliburton Lake cottager and Miss Warren's current boyfriend, Gary Wayne Meathrel, was charged as an accessory. Now, this week in Minden Provincial Court it was Mr. Weiss' turn. He faced charges of trespassing by night at the Warren cottage, assaulting Mr. Meathrel and breaking conditions of bail ordered in Toronto in connection with a charge there of assault on Miss Warren.

Weiss, who told the court 'I was in love', was freed without bail pending his next court appearance. He is barred to stay out of the county

County and away from both Miss Warren and Mr. Meathrel.

Diver finds teeth

There was nothing false about Bill Hogg's dive into the Gull River last Thursday when he found the teeth he

was diving for. Gary Weiss, 21, and son of Les Weiss, 15, were diving for golf balls at Rotary Park, Minden, when he came across a full set of false teeth, lower in fact. Bill highballed

it to The Progress office, then on to the Minden office of dentist Dr. John Pure. So, if the reason you're having trouble with corn on the cob these days is possibly a missing lower plate, you might just find your denture at Dr. Pure's office, and he won't even ask how you lost it!

Drowns in Head Lake

A Chatham, Ontario vacationer who went swimming despite a history of heart trouble, drowned in Head Lake last Friday.

Frederick H. Meider, 60, was found floating in the water near the Silver Maple Hotel just 30 minutes after he told his wife he was going for a swim.

Mrs. Meider told police she found her husband floating face down in the water when she went outside to look for him.

Attending coroner was Dr. H.E. Good.

No lifejackets brings fines

A police crackdown on area boaters not carrying proper lifejackets resulted in six convictions in Minden Provincial Court last week. All six persons live in the

Toronto area. Fined \$25 for each missing lifejacket were Gary Diaz, John Tomlinson, Reginald Poole, Michael Watson, James Douglas and Paul Morgan.

The law provides that an approved lifejacket must be carried for each person riding in the motorboat.

ing a hydrop pole and causing \$1,300 in damages. P.C. Jim Solway investigated.

ON VACATION BACK IN SEPTEMBER

Fire Warden

A little known but vital link in Ontario's forest fire control organization is the local fire warden.

Eighty of these dedicated volunteers work in conjunction with the Ministry of Natural Resources in the Minden area alone. As a fire warden he can issue and suspend fire permits as well as requisition men and equipment to combat fires.

Trapper Allan Austen, pictured above at his home on Brady Lake Road, has been a fire warden for 15 years. Based in the area, he has trapped and hunted all his life. Because of his knowledge of the local forest and his fire fighting skills, Allan was recently put on emergency standby alert by the Ministry of Natural Resources. This was at a time when most of the Ministry's fire fighting crews were sent to Northern Ontario to fight huge bush fires there.

Allan reports few serious blazes in his area in the last 15 years with only one traced to a careless camper. "It's local fire wardens like Allan Austen who are in large part responsible for the good forest fire record our district has had", commented Don White, Minden District manager for the Ministry of Natural Resources.

New stamp

Postmaster General Andre Ouellet has announced the August 28 issue of this multicultural series stamp paying tribute to the ethnic groups who first settled the prairies a century ago.

Canada's multicultural stamp series started with the Scottish Settlers issue on July 20, 1973. On November 15, 1974, another stamp in the series will be issued honoring the Italian physicist Guglielmo Marconi. The November stamp will emphasize the contributions of all scientists who immigrated to Canada.

UFO's**BEYOND REASON**

by

PETER G. SWEET**WHAT PROMINENT PEOPLE HAVE SAID****Part...5**

At one time or another, just about every government on earth has had to deal with, and form a policy on, the problems of UFO's. This policy ranges from a high form of censorship that has in the past existed in Russia, a totally on again off again image to the public, to the open frankness of the Argentinian government which, for a few years, in the early fifties, pleaded in daily newspapers for co-operation in disseminating reports from the public.

The hide and seek approach of the American government is known to most. Beginning in 1948 with top-secret military reports evolving into secret projects, to the Condon report of a few years ago finally told the public, after many months of study that there is no scientific basis for the existence of UFO's. This not only left the public dissatisfied, but in fact only added to the UFO enigma.

It was rumoured in 1955 that even in the United Nations a full study and report dealing with the political aspect of this phenomena would be undertaken if a member nation would put forth a motion. To date, not one country has made this move. Of all countries in the world, Canada has the strangest and most consistently contradictory policy towards UFO's. With an air of unimaginative single-mindedness this country has pursued over the years an attitude of openness/closedness in regard to UFO's. Despite its extensive interest in and funding of UFO studies the government consistently refuses to discuss it.

While then Prime Minister Lester Pearson very emphatically stated in the House of Commons that he didn't believe anything would come of a UFO probe, yet at Falcon Lake, seventy-five miles east of Winnipeg in May, 1967, fifty-year-old Steve Michalak had his T-shirt burned off his body as he approached a landed flying saucer. This matter was brought before the House in November, 1967 and then Defense Minister Leo Cadieux told the Commons no details of this report could be made public and refused the request of a member that this report be tabled in the House of Commons. In outward appearance it seems the government has little interest in UFO's, but this is not really the case. Most countries classify these reports as secret and under military control but since March, 1968 in Canada any reports or information are readily available for examination by the public. Copies of the department's reports can be obtained from Building M50 (Radio and Electrical Engineering), National Research Council, Montreal Road Complex, Ottawa. The department does not do field work however. Records are kept of all reported UFO sightings or encounters the public has ever had with UFO's and this department is headed by the outspoken Dr. Peter Mifflin, head of upper atmosphere research for the National Research Council.

Believe it or not, in 1934, the Canadian government had a top secret plan to welcome the first aliens from outer space to earth. A one thousand square mile area of land was designated in Alberta as a landing site for UFO's and over which no aircraft were permitted to fly. The nearby Defense Research Board Experimental Station at Suffield, Alberta, was to be the place of contact, the idea being that UFO's would land on the adjacent tract without being blasted out of the sky by defense interceptors. No UFO took advantage of this spot for a contact and the idea was disbanded soon after. A few short miles north of Ottawa a military complex exists known as Shirley's Bay and is classed as a military communications research centre. Each year this project appears in the defense budget and is granted a substantial amount of money. A few years ago I worked with a chap who told me his brother was a Canadian Forces flying pilot out of Shirley's Bay. Knowing that Shirley's Bay was supposedly a communications centre, this seemed very odd to me and I had him ask his brother exactly what he was doing. A few weeks later, the answer came back. The pilot said he could not talk about it as it was top secret. All he would say was that the group he flew with there had the most up to date, latest fighter planes produced in the world and that their job was to chase UFO's.

In 1971 a friend of mine, Wally Macht then anchor man for CTV National News, told me of an odd incident he had. Through the week Wally worked on filmed news items and during the early Apollo flights had filmed at various times five short TV inserts with the full and friendly co-operation of the Aerospace Research Institute, University of Toronto, at Malton, Ontario. This building is surrounded by an eight foot high steel fence and much experimental work was carried out there on behalf of the Apollo missions series. One day on receiving a wire service item concerning a Canadian's encounter with a UFO, Wally thought it would be a good idea to interview an expert at the Aerospace Research Institute because of the allied nature of the two things. Arriving at the gate at the Research Institute he was asked, as usual, the nature of the interview he wished to do. He told the guard it was in reference to UFO's. A phone call by the guard, and he found himself outside, forced to interview himself standing outside the fence.

Lure Book

The Haliburton Highlands Chamber of Commerce has embarked on a new brochure for next year and indications are that it will be the Chamber's best effort yet.

Known in the trade as a 'lure book', it will list each and every Chamber member, as well as carry advertisements on behalf of many of them. Much of the book will be in four colors, with ample use of attractive, local photographs and, of course, a new 'where it's at' map of the county.

Of special interest is the actual production of the brochure... a total Chamber of Commerce effort, unlike those of past years which relied on a Northern Ontario agency.

To be printed in Peterborough, some 25,000 copies of the new brochure will be distributed throughout major North American centres, beginning next winter, to attract still more visitors to our Highlands.

Members who regularly advertise in the Chamber booklet should keep this latter point in mind. Only the Chamber booklet will receive this all-important distribution by the Haliburton Highlands Chamber of Commerce, so be sure your dollars are spent where they'll do you the most good.

Fair Time

Once again it's 'fair time' in Minden.

As a matter of fact they've been saying that around these parts for the past 110 years... since before both the Provisional County of Haliburton AND Confederation.

This year it promises to be one of the greatest Minden Fairs ever. From parade to guest artist Bambi Preghat it's a two-day festival that few will dare miss.

A partial list of events ranges from anti-driving contests and an amateur hour to the Minden Rotary Club's Family Field Day and a gala dance to the music of Aquarius.

Worthwhile

A request has gone out from the Ministry of Natural Resources, Minden District, for oak, pine, spruce and other seeds. The public is asked to collect them for the Ministry, details of which are carried elsewhere in this week's Progress.

Interested members of the public are asked to register first with Natural Resources at Minden. This will guarantee payment for seeds collected.

This would make an excellent project for almost anyone and seems particularly suitable for youngsters and mobile senior citizens, alike. What better way to spend a bright, cool August day than on a pleasant hike in the woods with a mid-day halt for a leisurely picnic lunch.

The seeds are needed as part of Natural Resources' continuing reforestation program. A truly worthwhile project.

DOJARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to
Area Financial Services

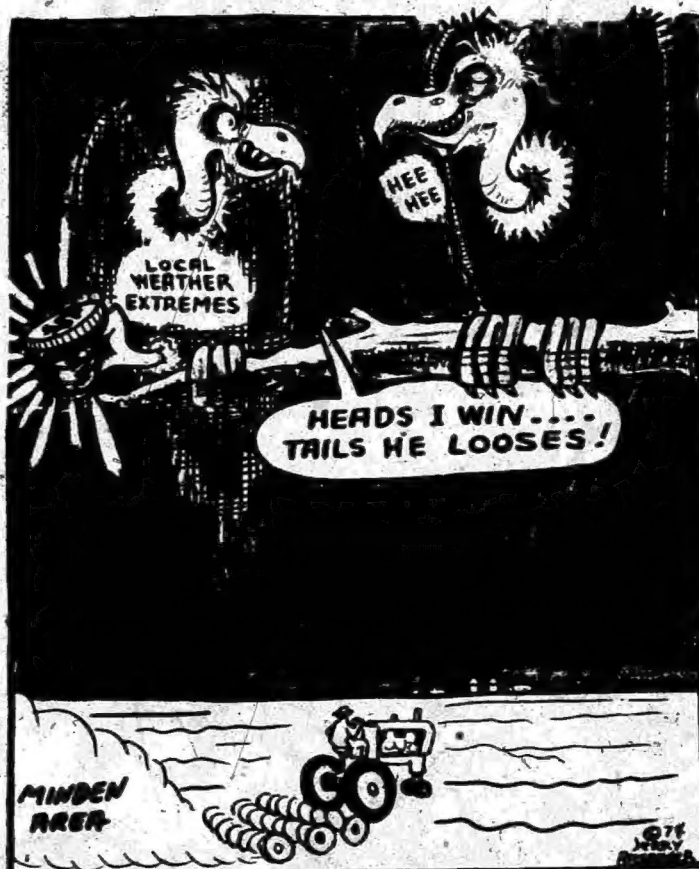

Questions on budgets or family spending plans come in regularly, and this seems to be a good time to review the subject. With any budget plan, it is also important to review and keep it responsive to your current needs.

While many families can afford to retain professional financial advisors of one sort or another, most of us have to rely on ourselves to keep finances healthy. There are free or low cost debt counseling services available in most areas to help when serious problems arise, though.

A good spending plan is needed, itemizing income and outgo. Both will change during the course of a year, however, and that makes it essential that you regularly adjust your plan to meet the current situation.

Failure to do this results in a family budget that no longer works for you. This becomes frustrating to the point of rejecting the entire budget plan as unworkable, and without any guidance, serious money problems can develop.

Don't try to stick too rigidly to any budget. Be flexible and adjust your spending plan as your financial situation changes. This way you should always have a reasonable guide to organize your finances—one you can live with.

LETTERS

August 7, 1974

To the Editor

Dear Sir:

I regret very much indeed that the Minister of Natural Resources has decided to open a bow and arrow hunting season for the fall of 1974 in Dufferin County.

There is no shadow of a doubt that bow and arrow hunting is a greater degree of unnecessary suffering than the use of additional firearms.

One of the basic reasons for the development of the firearm was to improve the effectiveness of the weapon it replaced, i.e. the bow and arrow. If the bow and arrow had been an effective weapon, the rifle might not exist today.

If anyone chooses to kill an animal, whether for pleasure or for food, he should have the responsibility, both legally and morally, to do it in the most humane way.

Obviously, arrows can strike an animal in a non-lethal position, and there is plenty of evidence to show that these arrows are carried by the animals for a considerable length of time. Often the animal will finally die from poison or other long term effects from the wound.

In the meantime, the animals suffer to a greater or lesser degree.

I recommend that residents of this area post No Hunting signs on their property, and demand that the Municipality refuse to sanction an open deer season. You cannot balance nature with a bow and arrow. Surely we must realize the futility of killing for pleasure, especially when such an inhumane method is used.

I cannot help feeling that anyone who enjoys dressing up as a world-beating Robin Hood and shooting animals with a bow and arrow, must be extremely immature.

As an alternative, therefore, to bow and arrow hunting in Dufferin County, may I recommend an afternoon at the children's playground at Ontario Place.

Yours truly,

T.J. Hughes
Executive Vice President
Ontario Humane Society.

Letter to the Editor
Minden Progress
Minden Ont
Aug 8 1974

Dear Editor:

Lutterworth Township Roads Department is guilty of wasting vast quantities of a product that all our public officials keep asking us to conserve: the product is Oil.

The Gull River Road was oiled Wednesday. The amount used was not only unnecessary, but made driving conditions as hazardous as ice.

With current shortages of all petroleum base products the prices have skyrocketed. As a taxpayer I do not feel that my tax dollar should be wasted on projects that are more of a hindrance than a help.

Perhaps a calcium based product would be more appropriate. It certainly would not make the roads a hazard

to life and limb.

This information is first hand. I happened to be driving on the Gull River Road when it was being oiled. As a result my car is covered in oil as high as the door handles. This is due to the fact that the oil was laying

in huge puddles on the road. As outraged as I am, suffice to say that if there are any damages to my car, I will do whatever is necessary to be adequately compensated.

Very Oily Yours,
Mrs. Kathleen Kather.

Residents protect road changes

Seventy-nine ratepayers, to whom a from the Ingoldsbay area plan member of the committee residents from near Scott's had written, we are asking

Dan and the Haliburton Golf Club locality, met at the Ingoldsbay United Church Saturday night August 10, 1974

in an endeavour to get more facts as to what actual changes will be made.

Members of the Fact-finding Committee are: Norman Harrison Sr., Mary Thomas, Joseph Carlin, Steve Manol, Keith Hill, Douglas Thomson, Helen Newton and Reg Burk.

Further advice to interested parties concerned with this road project will be forthcoming from the Fact-finding Committee.

The group appointed a committee of eight with Frank Dunstford as Chairman, to act as a Fact-finding body.

On the advice of the Hon. John Rhodes, Minister of Transportation and Comm-

CENTENNIAL CORNER

THE MINDEN FAIR

A petition of more than fifty qualified electors of the Township of Minden, Lutterworth, Anson and Snowdon resulted in the official establishment of the Minden Fair on December 9, 1874 by By-Law Number 18 of the Provisional County of Haliburton. It was provided that this Fair was to be held the first Wednesday of April and the first Wednesday in November in each and every year in such place as the Corporation of the Municipality of Minden would appoint. The exhibits were to be arranged by the exhibitor and might be sold, bartered or exchanged. Mr. John Bowen was appointed to see that the regulations were properly carried out. Property for the Fair Grounds was sold to the Fair Board in 1876 by S.S. Peck, County Clerk, who was president, with James Langton Vice-President and Charles D. Curry, Secretary-Treasurer. In 1917 Mrs. James Graham and Mrs. W. MacArthur were appointed the first lady directors.

The Fall Fair is a symbol of life in which rural and urban folk meet in fellowship of appreciation. Of prime importance is the competition which encourages interest and improvement in grains, fruit, vegetables, livestock and handicrafts. The programme has been extended with additional attractions of bands, first rate entertainment, midway, games of chance and booths exhibiting a variety of displays for every interest. The day climaxes with the Horse Draw which attracts hundreds of spectators for a skilled performance of competition by prize teams. The Minden Fair, under the sponsorship of the Minden Cultural Society, and now held once a year the weekend before Labor Day, is the official Haliburton County Fair and is truly an event where 'life is living for everyone'.

F/G boat, with convertible top extra, good medium size lake with few cottages, access by private road. Terms. Cash to mortgage, \$18,900.00.

CANNING LAKE - modern, 3 bedroom stained bevel plank siding cottage, insulated for electric heat, 200 amp service, wired for electric heat, 4 pc. bath with vanity, kitchen and livingroom lined with knotty pine, pine constructed counter and cupboards, Franklin fireplace, laundry and mud room, furnished, situated on wooded 100 ft. lot with good shoreline. \$33,500.00. Terms.

BIG BOB LAKE - 2 bedroom frame cottage, 2 pc. bath, 22 ft. x 30 ft. oil heating, block piers, boathouse and workshop, situated on a level, well treed lot, excellent shoreline, good sand beach, plywood boat and 18-1/2 h.p. motor included, completely furnished, extra 100 ft. property for privacy. Asking \$27,500.00.

KUSHOG LAKE - 4 bedroom frame bungalow, 18 ft. x 51 ft., 2 pc. bath, electric and wood heating, Franklin fireplace, gas and block foundation, combination boathouse and guest cabin, 14 x 22, completely furnished, situated on a 200 ft. x 250 ft. lot, level, highly treed, good safe sand beach, southerly exposure. Asking \$33,900.00. Terms.

KUSHOG LAKE - 2 bedroom frame cottage, 20 x 40, situated on 320 ft. pine point, fireplace, 2 bunkies 10 x 20, lined and wired, toolhouse, laundry room, nicely wooded lot, good shoreline, 12 x 40 'L' shaped dock, dock around cottage, 105 hp Chrysler deep hull Bow Rider F.G. boat, (new), 2 late model snow machines, year round access. A real dream place. Only \$48,500.00.

Twelve mile lake regatta

Aug. 3rd was a big day for the Twelve Mile Lake cottagers. Morning found the cottagers association members attending the association's annual meeting at Medley's in Carnarvon, with President Vern Workman conducting an interesting and informative meeting. Mr. S. Hayward gave a report on the tests and their

results conducted on water pollution and Ross Harrison reported on the stocking of Lake Trout in Twelve Mile Lake. Several members complained of careless boating and water skiing. An effort by the association to emphasize water safety will be put in a flyer and sent to all residents.

In the afternoon the annual

regatta was held at the beach at the north end of Twelve Mile Lake. A large turnout of spectators watched swimming, canoe, boat and water ski races. The crowd was welcomed by clowns and a couple of swimmers in natty early twenties swimming attire who gave out balloons to the youngsters.

HIGHWAY #35 - Commercial lot, 200 ft. frontage, corner lot, cleared for building, town water. Asking \$12,000.00.

An excited crowd of poetry lovers gathered Friday at the Glamorgan Public Library in Goodarham to meet 'The Haliburton Trapper', Theo Peacock, a local resident whose much-loved poems of nature and life in Haliburton County have attracted widespread attention across the country. Above Chris Hunter of Toronto watches as Theo autographs a copy of the new edition of 'Tales of the Trail' published by Glamorgan Township as one of its Centennial projects. Coffee and cookies were served during the evening by Mrs. Dal Pickens and friends.

Reminiscences of a Miners Bay Cottager

Early August has passed and it is with some nostalgia that the old days of the Miners Bay Cottagers Association are recounted.

The annual meetings were usually held before Civic Holiday weekend when cottagers and friends met for a business session but which was also an excuse for family gossip and chat among friends and neighbors each summer.

The Miners Bay Cottagers Assoc. which was over 50 years old before its demise in 1972, held its meetings at the President's cottage, but as the numbers attending grew, the large cottage of Albert Humphry was used. Later, Mr. Lloyd took over in the same location. After this a move was made to the Miners Bay Church in order to accommodate the burgeoning attendance.

Picnics, corn roasts and boating events were part of the usual activities with the program changing as the family patterns changed over a half century.

Now the Miners Bay Cottagers is no more, taken into the larger Gull Lake Assoc. which also includes several other small groups. Possibly because it is larger it may be more influential and effective, but the old spirit is gone and even the name is all but forgotten.

The warden service which was provided as part of the membership benefits was done by Joe Gillespie and later by Gerald Gillespie, his son.

Regular inspection visits were made to members' properties in off season and cards then mailed reporting the date and observations of the inspections. This service is not provided by the Gull Lake Assoc. and anyone wishing it must make his own arrangements.

A recent letter soliciting membership in the Gull Lake Assoc. didn't even mention the oldest of all Gull Lake groups - The Miners Bay Cottagers Assoc. 'How the mighty have fallen'.

The current rumour is that an effort to re-institute the Miners Bay Association is contemplated. What the results will be, only time will tell. Certainly it's always difficult to re-live the past and hard to pick up the pieces. This goes for organized groups as well as individuals.

The money tree

Everyone is prone to day-dream of the elusive money tree; that lovely shade tree growing out back which drops dollar bills instead of leaves each fall. A crazy dream - an idle thought - not really! Each year seed hangs from the branches of local trees. This year White Spruce, Black Spruce, White Cedar, Tamarack, White Ash, Bass wood, Sugar Maple, Red Oak and White Oak are the money trees. The seed from these trees is required by the Ministry of Natural Resources and they will pay for good quality seed.

No cones, or acorns, will be accepted unless the picker has first obtained a picking contract.

Interested? Contact the Minden office of the Ministry of Natural Resources for further details.

ABOUT THE TOWN

with Jeanne Sears

Last few days for Exhibitors to prepare their wares for the Fair on Saturday. These must be there Friday ready for the Judges. Entertainment will include Ronnie Prophet and the Switzer Brothers and there will be a dance at the Arena Saturday night with Ronnie Prophet and Aquarius. The show also goes on Sunday afternoon with the same entertainers. There will also be the Horseshoe Contest starting Saturday at 1.30 p.m. This Fair is part of Haliburton County Centennial Events so there is a contest for Best Centennial Costume along with the other contests on the Stage. See You At the Fair!

Congratulations to Ray-Marie Burke who won the Jackpot of \$250 in 57 numbers called at last Thursday's Rotary Bingo.

Emma Berry arrived home last week after spending five weeks enjoying a holiday in Italy, Spain and France.

All his friends send good wishes to Ron Robinson Sr., who is a patient at St. Michael's Hospital, Toronto.

Sincere sympathy to the families and friends of the late Bill Lindop, G.A.L. Graham and Mrs. Hazel Hamilton (Stamp) whose funerals were since last week.

Item of note is the part of the Minden Fair, The Funky Field Day, Sunday 2-4 including Egg Throw, 3-legged races, Ball Throw--also a game between Liberalists and Chauvinists, all sponsored by the Rotary Club.

There was a Music Time at the Bob Hughes' Sunday when friends and relatives visited and listened to the various musicians performing.

Earl Milburn of Barrie and Walter Milburn of Guelph visited friends and relatives in the area over the weekend.

Mr. and Mrs. Robert Lazier and Terrance of Calgary, Alberta, visited last week with his mother, Mrs. Christine Lazier.

Hint of the week. Those small milk bags will hold enough cut-up apples for a pie or dish of applesauce in your freezer. Many apples go to waste, so why not freeze some right now.

Last Monday was the final night of 'Live Theatre' at the High School and the response to these presentations was great with many getting to see a Stage Show who might not have enjoyed a comedy this way. Hopefully, these players will be back another summer, we appreciate the effort of this group of artists.

Friday guests with Mr. and Mrs. Phil Robinson were Mrs. Paul Cockburn and John of Woodville, Miss Linda Voyce of Cardston, Alberta.

Soon will be School Time again and we note that Sales are on in several stores in the village.

Several weeks ago we may have erred, anyway it was the death of MRS. Bill Raitt which was reported. Our sympathy and apologies to the family.

Marlene and Jim Robinson and Jean and Les Stedman of Weston are on a week's holiday in our Area.

Philip and Bradley Robinson enjoyed a weekend at London, Ontario.

Just remember, when a man runs for Parliament, you are a friend, when he is elected you are a constituent, and when he's in office, you are a taxpayer. Lou Erickson.

Much excitement over the swim meet of Lake Ontario, the first one battled huge waves to get across some years ago, but the successful one this time, Cindy Nicholas, had perfect weather. Still a younger one tried on Monday, but had to be taken out at her own request from a rough lake.

Is this true? You can tell when you hit middle age by the way it hits back. Ann.

Our good deeds we love to repeat
To friends whom we happen to meet
For the path we have trod
We give virtue the nod
When the credit belongs to cold feet.

Some accidents over the weekend, drive carefully.

Cheer's until next week.

HALL'S LAKE NEWS

by Doreen Stinson

A sad note this week upon hearing of the car crash near Norland last Friday when a cottager from Hall's Lake, Mrs. Gertrude Jamieson was fatally injured and her husband in hospital in Lindsay. The sympathy of neighbours and friends go out to her family.

First prize for the Centennial Float was awarded the Stanhope Township group in the Haliburton Rotary Parade a week ago Wednesday evening. The Carnarvon Lumber truck driven by Ronald Bacon and decorated beautifully by Lil and Al Rawlins; large flowers and shrubs and long paper banners with the theme 'Picnic Time in Stanhope 1874 and 1974' depicted the modern style with barbecue with Patricia Hunter and Tom Montgomery toasting wieners and marshmallows, while at the other end of the truck the lovely Highland crest (made of satin ribbons at the Home) and a group of Gay Nineties costumes worn by Lil Rawlins, Audrey Wilkinson, and Doreen and Len Stinson were displayed, enjoying an old-fashioned picnic on the grass. The beautiful Trophy donated by Murray Fearrey (Warden of the County of Haliburton) was gratefully received and was taken to the Hyland Crest Home the following day to allow all the Senior Residents there to view it. It was then put on display at Stinson's Store and then taken to the Stanhope Council Chambers where it will remain on view for a year and a plaque put on it for Stanhope. A cash donation was also awarded with the Trophy. Special thanks to Ron Bacon for his good driving, Walsh's Funeral Parlour for the use of the imitation grass and any others who helped in any way to help win the award and also to Mr. Fearrey for his generous contribution.

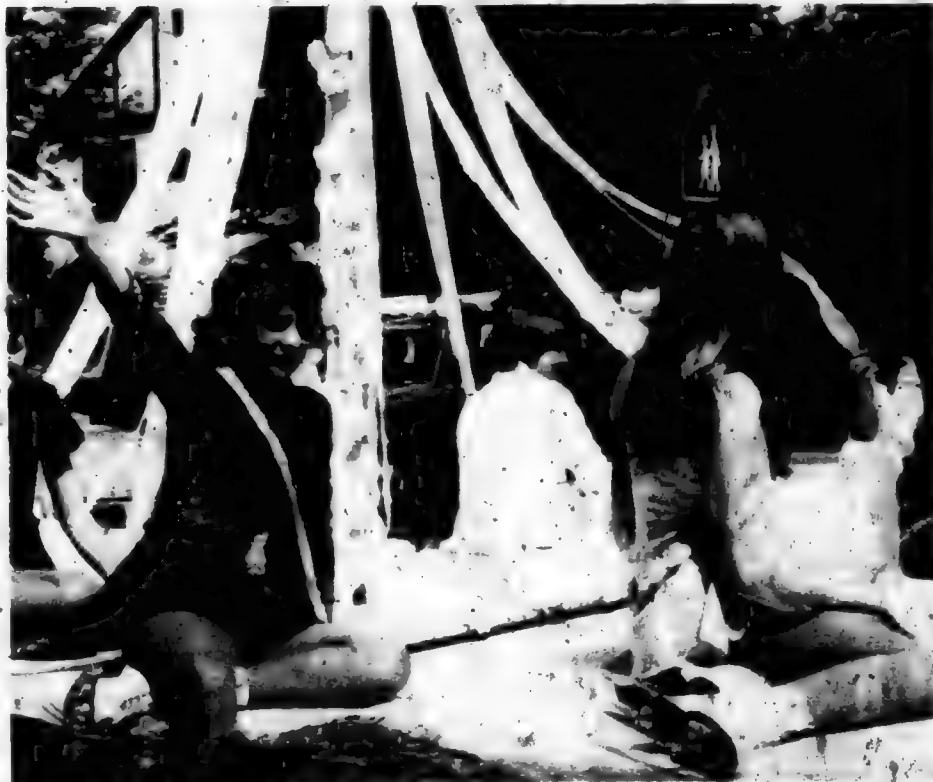

Mrs. Marjorie Watson has been entertaining friends from Toronto; namely Mrs. Campbell and Mrs. Hazel Hicks. Mr. Roy Anderson's beautiful big Dillies have been at their best. Two of them with some greenery make a nice bouquet.

Mr. and Mrs. John W. Nicholson and young sons Billy and Johnie, are spending a two weeks' vacation at the Wallace's 'Highland Cottages' here on the Lake. They are from Hamilton and John and Mary have been coming to Hall's Lake for many years.

The Russell Reunion was held on Saturday, some indoor activities and some outdoor, as the weather permitted. An evening at Club 35 wound up the pleasant event. Mrs. Marj Ferguson is moving back to Toronto but will retain her pleasant home here at the Lake for a time, so we trust she will find her way back frequently as we will miss her.

The 'Folk-Lore Festival' at Camp Kandalore on Saturday and Sunday was well attended and certainly well worth driving up Highway 35 to view the wonderful display of canoes and to see the tremendous museum of early Indian and Canadian crafts, tools, machinery and buildings. This Festival was held under the auspices of Stanhope Township in co-operation with Mr. Kirk Whipper of Camp Kandalore and tied in with other Centennial projects. A lot of planning and organizing went into this two-day affair open to the Public and thanks should be given to the host and the committee who kept things moving. Mr. and Mrs. Joseph Furst of Sydney, Australia have been visiting with Mrs. Furst's sister, Mrs. Elsie Borsley. They are now leaving for an extended trip to Europe en route to their home, skirting countries which are now dangerous for travellers to visit under present conditions. Mr. and Mrs. Armand Aymong showed their beautiful coloured slides at 'Thistlebore' to a group of Hamilton ladies recently and they were certainly enjoyed by all. Mr. Aymong is a former employee of Kodak Company and has a keen knowledge of choosing objects and indexing his pictures for easy and interesting commentary. After an evening of his pictures one feels as though they too have been on a lovely trip through the Canadian West.

WILBERFORCE PARADE

There is nothing a kid likes better than to watch a parade... unless it's being in the parade! The attendance at Saturday's Wilberforce Centennial celebration parade and the quality of the floats and costumes marks it as one of the best in the region. These youngsters from the senior

division of the Monmouth Figure Skating Club dressed up in full skating costumes despite the temperatures in the low eighties Saturday, but they didn't mind a bit so long as they got a chance to ride in the parade and wave at family and friends.

GULL RIVER WINS OPENING SERIES

The Gull River Bulldogs has advanced to the second round of the OASA Play-offs. On Tuesday evening in Fesselo Falls, Gull River pounded out 34 hits in exacting revenge on the team that humiliated them in the opening game, winning 13-4 and taking the series.

In the first game of this series here in Fesselo, Gull River played perhaps the worst softball ever seen in this part of the country. However, the next two games were a complete reverse of form. On Saturday night in Haliburton, before a much friendlier crowd, Gull River won 6-1 behind the fifteen strikeouts pitching of Rick Hartwick. On Tuesday evening in Fesselo the Gull River bats erupted to take the pressure off Hartwick. The Builders hit everything that moved it seemed on this evening. Paul Simpson led the Builder attack with perfect four for four and two walk night. Paul also made the play of the game in left field on a shallow hit flyball to end a brief uprising by Fesselo. Three for first performances at the plate were Al McMillan (plus two walks), Gary McKnight, Cliff Burke, Bob Austin and Jim Burk.

Rick Hartwick notched his second win in a row over Fesselo as he allowed ten hits two walks and struck out twelve for a two game streakout mark of twenty-seven. Joe Hanley took the loss giving up twenty-four hits, walked eight and batted four.

Gull River now takes on Postypool with the first game in Postypool and the second here in Minden on Sunday afternoon at 3 p.m.

GULL RIVER SPLITS SERIES

After winning the opening game of the second series of OASA play-offs, 12-3 over Postypool, Gull River Bulldogs developed better batters in dropping the second game in Postypool on Sunday by the identical score.

On Friday evening in Haliburton, Gull River played fine heads up ball in winning easily 13-3. Craig Stamp picked up the victory with late inning relief help from Rick Hartwick.

Gary McKnight had a perfect night at the plate, getting three hits and drew two walks while scoring twice. Bob Austin also wielded a big bat, smacking out four hits including a three-run homer and a run scoring double. Sunday afternoon in Postypool was a disaster. The Builders made at least a dozen errors in giving up ten unearned runs on their way to a 12-3 thrashing.

T. Malcolm, D. Simon, L. Brown and W. Falls led the Postypool attack with three hits each, including a triple, and five doubles.

Gary McKnight and Cliff Burke had two hits each for Gull River. These were out of a total of seven hit by the Builders.

Craig Stamp took the loss, yielding twelve runs on sixteen hits, one walk and struck out one. D. Simpson gave up three runs on seven hits and one walk while fanning eleven Builders.

VASEY'S REACH ZONE FINALS

Vasey's Midgets have reached the OASA Zone 3 Play-off finals against Stouffville, by virtue of their 3-1 victory over Uxbridge on Thursday evening in Haliburton.

Vasey's came back from a first game defeat in Uxbridge to win the next two games and a berth in the final. On Thursday evening in the third game, both teams played great softball. Tim Bain got the victory for Vasey's, giving up one run on seven hits and three walks while fanning ten. Gary Timbers (brother of Oshawa Tony's Barry) took the loss allowing three runs on three hits and three walks while striking out nine.

Uxbridge scored first in the third inning on one single and two errors by Vasey's. However, that was all the Uxbridge team was to get on this night. Vasey's tied the game in the fourth when Tim Bain walked, took second on a passed ball and scored on a hard single to centre by Al Trepasier.

Tom Curry put Vasey's ahead to stay in the fifth when he doubled, stole third and scored on Chris Roubie's fly ball. The Insurance run was scored in the sixth when Al Trepasier was safe on a fielder's choice, Roy Boughner singled, both moved up on a throwing error and Al scored on Tom Curry's single.

The first game of the final will be played in Stouffville on Tuesday evening at 8:30 with the return match in Haliburton on Thursday at the same time.

FENELON FALLS OUSTS HALIBURTON JUNIORS

Fesselo Falls moved on to the Zone finals of OASA Play-off action on Wednesday evening in Haliburton when they dethroned the Haliburton Juniors 12-7. The Falls opened

RED CROSS SERVES YOU
EVERY STEP OF THE WAY

the series in Fesselo on Monday, winning 10-4.

The first game featured two home runs by Wade Stamp and one by Floyd Henry, but it wasn't enough to beat the home team.

In Haliburton on Wednesday, things were much the same as the Haliburton boys fell behind by too much early in the game and never recovered.

Steve Roberts was the offensive threat for Haliburton, driving out two doubles, a single and a walk while scoring three times. Serrill Stamp was three for five as was John Wilson. Wayne Johnson had a triple and a single. Wade Stamp took the loss in both games for the Haliburton team. John Sheehy picked up the win for Fesselo as well as slugging a two run homer.

The Haliburton Peewees were also eliminated from OASA play-off action this past week, when they failed to field nine signed batters in Bracebridge.

A new ruling by the OASA this year is if you default the first game you default the series.

BEAVERBROOK OPEN

The Beaverbrook Open Golf Tournament will be held on September 8 this year with everyone welcome to participate. Owner of the Beaverbrook Golf Club, Dave Stevens has offered six prizes this year. The first three finishers in low net and low gross will win prizes. So let's have a good turnout fellows.

THEN & NOW

BY WALTER NOICE

Seventy-nine years ago, on June 18, 1895, the June session of the County Council of the Provisional County of Haliburton was convened, with the following members being present:

William Bartle - Reeve of Lutterworth; John Sedgwick - Reeve of Snowdon; H.M. Hicks - Reeve of Minden; James Mortimer - Reeve of Ashton and Hinton; Charles Roberts - Reeve of Moamouth; John Maxwell - Reeve of Glamorgan; Joseph Pritchard - Reeve of Stanhope, etc.; John B. Delamere - County Clerk.

The clerk reported to the council that the warden of the County, Alexander Niven, Reeve of Dysart, would not be present, having gone on a survey to the Rainy River District. (Mr. Niven was a land surveyor).

It was moved by Mr. Hicks and seconded by Mr. Pritchard that in the absence of Mr. Niven, that Mr. Mortimer take the chair. Carried.

To many of the older citizens of the county, the names of the gentlemen mentioned will bring back memories of bygone days.

I wonder how the council of 1895 would cope with the multitudinous and weighty problems that confront today's county council?

In 1895 the finance committee presented their semi-annual report as follows:

To the Warden and Council of Haliburton County
Gentlemen:

Your finance committee beg leave to recommend the payment of the following accounts -

Mr. Garrett's account for board of prisoners in lock-up in Minden - \$11.30

J.H. Delamere for printing - \$47.36

E. Noice - Handicuffs, etc. - \$8.07

F.R. Curry Coal Oil - 50¢

John Moore for work at woodshed - \$12.50

F.R. Curry, stationery, etc. - \$4.77

Phoenix Drug Co. - \$2.20

George Wyatt (George was a painter) - \$3.10

Total - \$83.80

As the above report is the only one submitted by the finance committee, it would seem that financial matters did not weigh very heavily on the shoulders of the county government and that the county taxes were not much of a burden on the tax payer.

Now let us see what the 1974 county council has to contend with.

The following is the 1974 county budget:

General Government Administration - \$57,297.00

Protection to persons and property - \$1,100.00

Public Works - county roads - \$242,000.00

Conservation of Health - \$22,968.00

Social and Family Services - \$42,268.00

Recreation and Community Services - \$23,450.00

Community Planning and Development - \$27,000.00

Financial Expense - \$22,000.00

Total - \$478,080.00

"WOW" - Those county roads sure gobble up a pile of money.

Haliburton County Board of Education

APPLICANT ONE IS INVITED FOR THE POSITION OF FULL TIME SECRETARY AT THE HALIBURTON HIGH LAKE SECONDARY SCHOOL.

Good Sense in Canada - NO NONSENSE

Be a Lamb — But Not About Your Food ...

Would you be a lamb — just to play follow the leader? Of course, not! You may reply, and yet you may permit your eating habits to follow a pattern set by the talk-of-the-day. Conversations over Canadian dinner tables frequently turn to calories. Too often, good foods are rejected solely on the basis of hearsay reports of their reported calorie count. At other times, the estimation of calories is mere guesswork. These presumptions cause some essential foods to be called "high calorie" or "high energy" and to be condemned mistakenly as fattening.

Foods which supply protein, minerals and vitamins are more than mere energy foods, despite their calorie content reminds Sir Sandford Fleming, Nutrition Consultant to The Bakery Food Foundation of Canada. Only foods which are primarily sources of calories (like sugars and some fats) may be classified as "high calorie".

One does not consider milk a high calorie food, even though a glass or eight ounces of milk furnishes 150 calories. About one-fourth of the solids in milk is protein. In addition, milk is an excellent source of calcium and riboflavin. Likewise one should think of bread as a high calorie food just because one slice of enriched white or wholewheat bread furnishes about 75 calories. Bread provides protein as well as the minerals, calcium and iron, and the three B vitamins — thiamine, riboflavin and niacin.

It is revealing to learn that different types of breads vary widely from a calorie point of view. Enriched white, wholewheat, rye and various specialty breads furnish approximately the same number of calories, ounce for ounce.

Daily selection of foods should be made on as functional a basis as are any of the other choices in modern living. This thought applies to those on a normal diet as well as to those concerned with reducing their daily caloric intake.

(One of a Series)

Credit Where Credit Is Due

The man who says he owes everything to his wife seldom pays it back.

Women can never be as successful as men; they have to wives to advise them. — International Flying Female

COUNTY SO HELP CELEBRATE OUR CENTENNIAL

Food Sense in Canada- NUTRITION PLAIN TALK

SOMETHING FISHY IN THE FRENCH BREAD!

It's so tough to come up with original party-food ideas that hiring a gourmet chef seems to be the only alternative sometimes. But picture a palatizing plate of pleasantry at your next party: luring guests to nibble, and then, after savouring, to return for more.

But, such taste-tempters are hard to prepare, you say? Not so, all that's really needed is a little imagination to put some life into any party dish, and of course, good food means much to a good party.

By now you're probably thinking, "What more can be invented in the way of simple-to-prepare party food?" To answer the question, first take a look at the conditions implying your selection. There are three qualities guests will appreciate: first, not too many calories, and some nutritional value. The Earl of Sandwich, benefactor to whom we owe much respect for his namesake, didn't let it stand in his way. Neither should we! Bread, his ingredient for an original treat, is low in calories, and high in flavour and nutritional value. One advantage we have over the good Earl though is that our bread is enriched with three essential B Vitamins as well as iron; and since bread is one of Canada's most popular foods this enrichment process ensures our good health.

Now for an imaginative idea using this most adaptable commodity. Try this one. It's called a Fish Boat!

Fish Boat

- | | |
|---------------------------------|-------------------------------------|
| 1 - 24 ounce French bread | 1 teaspoon salt |
| 20 frozen fish sticks | 2 cups milk |
| 1 tablespoon butter | 4 hard-cooked eggs coarsely chopped |
| 2 tablespoons all-purpose flour | 1/2 cup dairy, chopped |

Hollow out bread to form a boat-shaped shell about 1 1/2 inches thick. Quarter frozen fish sticks; heat following package instructions. Melt butter, add flour and salt. Add milk and cook until thick. Fold in eggs and dairy. Pile fish in boats; spoon sauce over top. Slice crosswise to serve; pass remaining sauce.

Apple-Raisin Pudding Serves 4

Trim crusts from 2 slices toasted raisin bread; cut 1 of the slices into thirds. Line 8" x 4" x 2" pan with 2 slices and one 1/3 strip. Top with 1/2 cup canned apple-pie filling. Repeat layers twice. Bake at 375 F. for 40 minutes. Turn out and serve with cream.

J.F. Rouble
Principal

Unscathed

Former Mindenite Leigh Bell, 20, of Mississauga, his wife Sheila, and their 18 month-old son all walked away from this wrecked car with only minor cuts last Sunday evening on Highway 121 near Ingoldby turnoff. The accident occurred when a pickup truck driven by

Frank Bourgeois of Whitby attempted to pass Bell as he turned onto the Ingoldby Road. Both vehicles were fatally demolished with damages estimated at \$3,500. Also Mr. Bourgeois had a cut lip.

Osprey egg

Nowadays the vast majority of people enjoy wildlife, especially birds, simply by looking and listening. But this wasn't always true. In the 1800's and the early part of this century, for example, the consuming passion among many amateur ornithologists was egg collecting. Some of these oologists (as the egg collectors called themselves) went to extraordinary lengths to procure full clutches of such difficult-to-get eggs as those

of the Gray Jay or the Saw-whet Owl. But the prize in any collection was the egg of the Osprey - one of the most beautiful known by man to be laid by bird. Osprey eggs have a pale pinkish cinnamon ground colour, heavily spotted with rich chestnut - irresistible to the die-hard oologist. The point was proven a few years ago when, after an absence of over 50 years, Ospreys nested once again in Scotland. The nest was pro-

mptly robbed and after that, conservationists felt obliged to mount a 24 hour guard to prevent further losses. As far as we know, the magnificent sight of an Osprey soaring high above an Algonquin lake, or closing its six foot wings to plunge to the surface with a tremendous splash and then emerging with a fish tightly gripped in its razor-sharp talons, is no rarer today than in the past. As far as we know there has always been the present thin

population in Algonquin - and oologists haven't been a problem for the eggs in the great stick nests built high up in towering dead white pines. But this doesn't mean that we shouldn't worry about the egg of the Osprey in Algonquin Park. For the fact is that in many areas of North America the Osprey has all but disappeared because of egg shell cracking brought on by the adults' eating fish contaminated with pesti-

cides. This wouldn't seem to be a problem here, but you must remember that in winter the Ospreys are forced to leave Algonquin for areas to the south which have open water - and, unfortunately, contaminated fish as well. In 1971 we attempted to survey from the air the success of Algonquin's known active Osprey nests (seven at that time) by flying low over the nests and counting the young or the eggs. After a near collision with

an adult which rose to attack the plane, however, we decided such a survey was too risky for man and bird alike. We haven't given up completely though, and we would appreciate any help you can give us (Ministry of Natural Resources) by reporting nests or individual birds. We all want the egg of the Osprey to remain a part of Algonquin.

Gerald D.

REGATTA 'from P.6

Swimming events included beginners races, 6-10 years, 11 and 12 years, 13 to 15 years, 16 and over and a long distance swim and relay race. Canoe races were grouped by age also and included again adult, father and son and mother and daughter teams. A good ski course was laid out by regatta committee members Bill Capell and Bruce Munshaw and races of J.F., Intermediate and Senior were held. Although the wind was very light, the sailing race was held and several skilled sailors completed the course and were given a big haphas they sailed in. The power boat races were divided into classes according to horsepower: 10 hp. and under, 25 hp. and under, 50 hp. and under and over 50 hp. The afternoon concluded with boys and girls attempting to reach the end of a greasy pole before falling in. Believe it or not, some made it. Congratulations to Clay Bradshaw for organizing a very successful regatta. At 7:30 p.m. trophies were presented to all the winning competitors at Medley's Dance Hall. All competitors placing first and second received trophies and ribbons were given the 3rd, 4th and 5th place winners. The day wound up with a dance held at Medley's with Herb Wilson and his orchestra supplying great music. There were many dances and draws for the lovely prizes donated by merchants both from Minden and Carnarvon. A delicious buffet was served to complete a successful day. Congratulations to the executive and committee of Twelve Mile Lake Property Owners Association for a very successful day.
